

3rd Place

Abraham Lincoln

Abraham Lincoln was a tall slim man,
Who stood six foot four with very big hands.

He was against segregation across this land,
With the hope every color would be equal as one man.

The presidential leader was strong and grand,
He went to congress to make his stand.

He stood for the right and for the wrong,
As the Civil War started he wanted them to be strong.

Abraham Lincoln being president for just four years,
He helped people conquer most of their fears.

Barack Obama is president today,
Because Abraham Lincoln helped to make it that way!
